

Pioneering works in neuropsychanalysis and its forerunners

COMPLETE BIBLIOGRAPHY OF PSYCHOANALYSIS AND NEUROSCIENCE (1895-1999)

The bibliography presented below references all published work at the interface of psychoanalysis and the neurosciences, up to the first date of publication of *Neuropsychanalysis* (mid-1999).

We recognize that a bibliography such as this one is necessarily an ongoing endeavor, and we welcome outside contributions. Should you wish to submit a reference for consideration, please send a message to Ross Balchin at balchinrm@telkomsa.net.
